

The background features a large, light gray watermark of the JGES logo. It consists of a circle with a stylized endoscopic camera icon at the top. Inside the circle, the text "JGES" is written in large, bold, sans-serif letters. Below "JGES", the words "JAPAN", "GASTROENTEROLOGICAL", "ENDOSCOPY", and "SOCIETY" are stacked in smaller, all-caps, sans-serif font.

*Presenting the*  
**ASGE – JGES Masters Course in ESD**  
with optional POEM add-on

 **JULY 28 – 30, 2017**   
ASGE Institute for Training and Technology  
Downers Grove, Illinois  
*Early Registration Discounts End June 15th*

**A unique opportunity to learn from known masters of ESD and POEM**

The American Society for Gastrointestinal Endoscopy (ASGE) and the Japan Gastroenterological Endoscopy Society (JGES) invite you to participate in this one-of-a-kind immersion course in endoscopic submucosal dissection (ESD) taught by highly skilled experts, representing the largest team of outstanding masters in ESD ever assembled in this country.

This two-day course, which will be held at the state-of-the-art ASGE Institute for Training and Technology (IT&T), has been developed to provide a comprehensive experience in ESD that will take the advanced endoscopist from theory to the hands-on practice of ESD, discussing and demonstrating the fine points of the technique.

**What you will learn:**

ASGE and JGES have collaborated to bring advanced techniques to endoscopists in the U.S. The course will include presentations from the faculty covering indications for ESD and differing methods of ESD followed by demonstrations of these techniques by the ESD Masters in *ex vivo* and animate models. Participants will engage in intensive hands-on experience with expert teachers. The goal of this course will be to familiarize the attendees with aspects of ESD that have not been taught before, such as treatment of GI bleeding during ESD using devices including the hemostatic forceps and clips.

**Course Directors**  
**Norio Fukami, MD, FASGE**  
Mayo Clinic  
Scottsdale, Arizona  
**Haruhiro Inoue, MD, PhD, FASGE**  
Showa University Koto Toyosu Hospital  
Tokyo, Japan

**Course Highlights**

- Presentations covering indications for ESD and differing methods of the technique
- Demonstrations of these techniques by the ESD masters using *ex vivo* and animate models
- Intensive hands-on experience
