

WISE

WEO International School of EUS

- **ADVANCE** your EUS Skills
- **INTERACT** with local and international experts
- **EXPERIENCE** the latest EUS technology

COURSE OBJECTIVES

The WEO International School of EUS (WISE) is designed to address the current training gap of EUS and the need for structured training. Through WISE, WEO hopes to nurture and groom the future leaders of EUS.

FEATURES

- Specialized EUS training course for a limited number of doctors, age 30-45 years.
- Each course will consist of two modules of learning – basic anatomy, intermediate skills and advanced skills of EUS hands-on.
- Intimate and intensive face-to-face as well as remote training over the timespan of 12 months.
- Lectures and hands-on training using phantom and animal models are included as well as observation of real human cases.

WEO INTERNATIONAL COURSE DIRECTOR

Professor Dong-Wan Seo
