for Digestive Surgery

Welcome Message from the President of Asian Pacific Digestive Week 2021

Dear Colleagues and Friends,

I would like to cordially invite you to join us in Malaysia for the first Virtual APDW 2021 – ‘Vision of Excellence in Digestive Disorders & Sciences’ on 19 - 22 August 2021.

The APDW has always served as an academic forum for the promotion of knowledge, clinical expertise and research innovations, while serving as a platform for networking with both new and old acquaintances. The Organising Committee has invited over 220 key opinion leaders and esteemed experts from around the world and I am happy to say that most of them have accepted to join us.

Please allow me to take this opportunity to encourage you to join us for the conference and to help us to make it a success. The Organising Committee is committed to deliver a packed and high quality scientific programme including live demonstrations of endoscopy procedures, sessions in collaboration with partnering organisations, cutting-edge presentations by our assembled faculty and much more. It will be the perfect avenue to update your skills. The sessions will be recorded and available on-demand in the three months after the conference to registered participants.

I look forward to welcoming you to Virtual APDW 2021 come August 2021!

Warm regards,

Raja Affendi Raja Ali
President
Asian Pacific Digestive Week 2021
